

WITHDRAW YOUR CONSENT

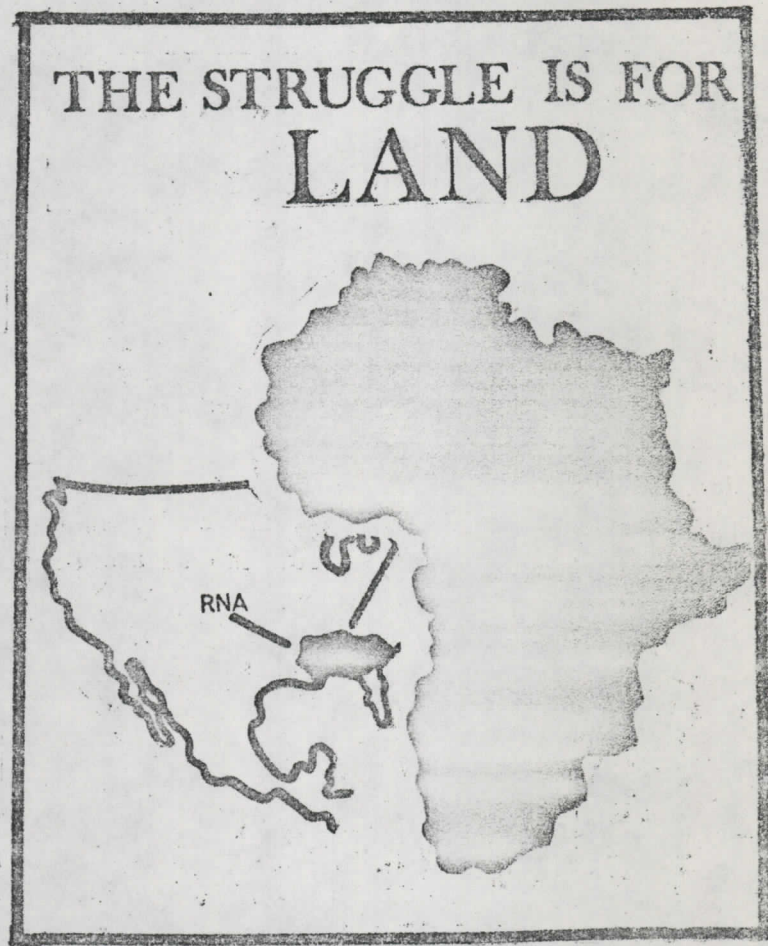

We are at a crucial point. The Black Man must not be tricked into going to war over a limited issue.

We must deal with S.T.R.E.S.S., however, we must keep in mind that S.T.R.E.S.S. represents the white ruling class.

The only way that we can take back OUR WILL is by determining Our Own Destiny. We must clearly define what we are fighting for. If it is land loss that is our problem, then we must gain LAND to solve the problem. If in the past OUR WILL had submitted then in the future WE MUST RESIST.

The only way that we can become powerful is to develop as a SEPARATE PEOPLE.

If we must fight, let us fight for true liberation. We know that representatives of the white ruling class came to AFRICA and violated OUR WILL. They brought us here against OUR WILL. Not only was OUR WILL violated but OUR LAND relationship was interrupted. LAND is the basis of POWER therefore, when we were taken from OUR LAND we became powerless. We cannot forget about AFRICA because if we forget about AFRICA, we would forget our violated will. We need knowledge and control of Will in order to RESIST. WE MUST TAKE BACK OUR LAND AND OUR WILL.

We hear a lot about STATES RIGHTS and nothing about the basic RIGHTS OF A PEOPLE.

The right to self determination. The right to fight against the enemies of self determination. The United States became the enemy of Black People when it violated the AFRICAN WILL.

The only reason that we are slaves is because the white ruling class controls guns. Recent changes in gun control laws mean that the white ruling class is in an arms race with Black People. The United States is disarming Black People. You are Black Don't Give Up Your Gun.

LAND is our GOAL; FREEDOM is our PURPOSE.

STOP STRESS

DISARM THE POLICE

STRESS has murdered 13 Black people in less than 14 months, and injured more than twice that many. The mayor and the police praise STRESS because it has the highest kill ratio of any other unit of the Police Department.

STRESS supercedes the Tactical Mobile Unit (TMU) and the Precinct Support Unit (PSU) as the primary police unit used to kill and intimidate the Black and oppressed masses of Detroit. Both the TMU and the PSU still exist, but now STRESS "sets up" the Black Community, killing Black people and using TMU and PSU personnel as support troops.

Examine the method and you find that STRESS was born when the United States attacked the Republic of New Africa at the New Bethel Church on March 29, 1969. Remember Worobec was a "decoy" while other support troops waited nearby.

STRESS is designed to kill you. STRESS is 007 against Double-O-Soul and Double-O-Soul is losing. Detroit is the O.K. Corral. Wyatt Earp and Doc Holiday are back.

Just like in the Old West, we must disarm the gunfighters.

To win against STRESS we must identify, isolate and disarm STRESS.

The police are committing crimes against humanity. Police psychology is anti-people.

The gun has become the Law. We must disarm the police, or we will be enslaved by the gun forever. We must refuse to allow armed police in our neighborhood.

STOP POLICE REPRESSION

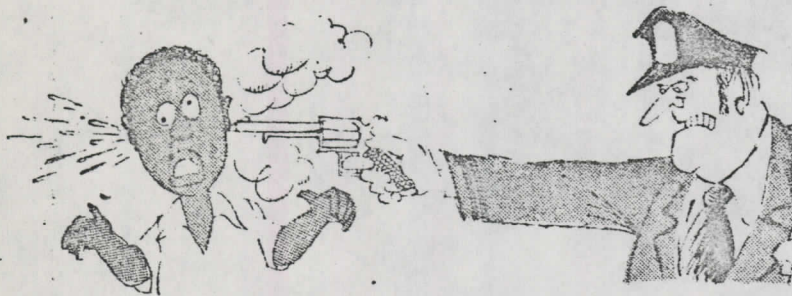

This is no easy job. DON'T BE FOOLED.
THIS IS WAR. STRESS IS THE ENEMY.

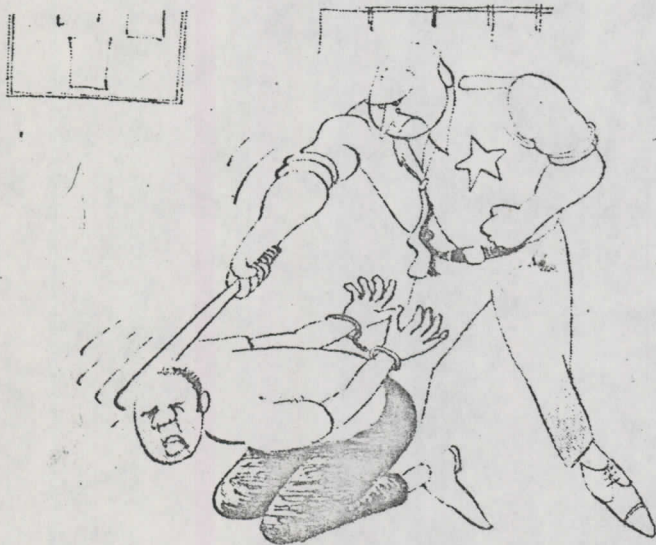

BEFORE IT'S TOO LATE

Common Council must enact an ordinance requiring all law enforcement personnel to wear uniforms.

The Detroit Police Officers' Association is STRESS. The DPOA is part of a nationwide organization run by sick men paid to repress the masses of people.

STRESS operates the same as any army patrol. STRESS patrols see Blacks as the enemy and conduct search and destroy missions in the Black Community to prove it. They are using tactics against us that they learned in Saigon. South Vietnam.

The time of arrest is a point of reason between the people and the state. STRESS bullets negate reason. STRESS IS NOT REASONABLE. The state is responsible STRESS. The state shoots first and reasons second. The state is killing the people.

I FEEL SICK—I
MUST BE CORRUPTED.

We must develop some tactics of our own. STRESS MEANS WAR. We must speak to STRESS in a language STRESS can understand

The Vietcong ain't doing bad!

DO UNTO STRESS AS STRESS DOES UNTO YO

The state controls the Black Community with guns and terror. Citizens are not bullet-proof, nor are the police. The police have disarmed the people. WE MUST DISARM THE POLICE. ORGANIZE AGAINST POLICE TERROR.

STOP STRESS THE SAME WAY
STRESS STOPS YOU!

RESPONSIBILITIES OF THE STATE
