WE DEMAND OUR RIGHTS TO RESTRICT, PROTECT AND IMPROVE OUR NEIGHBORHOOD;

Attention!—

**CONSISTENTLY INCONSISTENT COUNCILMEN
AND MAYOR!!**

We protest and condemn your action in attempting to force the Sojourner Truth Housing Project into our 100% White residential community at Fenelon and Nevada Avenues;

We condemn your action as being responsible for the refusal of the FHA to insure any more mortgage loans in our community;

We further condemn your action in double-crossing the home owners in the Northeast section of Detroit.

When we protested you refused to act saying that "the matter was entirely in the hands of the Federal Government," BUT!! when the National Association For Advancement of Colored People protested, you quickly did a political backward somersault and immediately found the authority to act in it's behalf.

This problem is too serious to play politics with, especially when using our homes as the "stakes."

DON'T COUNT YOUR VOTES YET!
